STUDENT BODY PRESIDENT

LIZ YOUNGDALE

Back to Presidents' Welcome

2005-2006 has been full of changes! We were excited to introduce two new faculty to the student life team, Derek Vergara (Dean of Students) and Christy Lunceford (Director of Intercultural Studies). These two individuals have challenged student government to new levels. Challenging each leader to test the known and look to the new, to realize that it is not just 2005-2006 but 2005 and beyond.

This year would not have been a success without my Student Life Board and Executive Board, who dedicated themselves wholly to the purpose of this University and to the students it serves. It is because of this strong team that we were able to rely on one another and form relationships that will last.

As you browse the year-disc remember this, because this is what we as Student Government strive to create on campus:

"if it is encouraging, let him encourage; if it is contributing to the needs of others, let him give generously; if it is leadership, let him govern diligently; if it is showing mercy, let him do it cheerfully." Romans 12:6-8

Greetings!

I hope you enjoy this year s year book in disc format. It tells a lot of interesting stories; stories about all the gifted students studying at Concordia University. And they are gifted! Those who graduate in the class of 2006, as all those who graduated before them, will go out into the world to share their gifts to make the world a better place. These are the stories of some pretty gifted people.

But, they are not only gifted. They are also gifts, to the world and to the church. That s what the theme verse chosen by this year s graduating class says. It s from Romans 12:3-8 and it says: For by the grace given me I say to every one of you: Do not think of yourself more highly than you ought, but rather think of yourself with sober judgment, according to the measure of faith God has given you&We have different gifts, according to the grace given us. If one s gift is prophesying, use it in proportion to faith. If it is serving, serve; if it is teaching, teach; if it is encouraging, encourage; if it is contributing to the needs of others, give generously; if it is leadership, govern diligently; if it is showing mercy, do it cheerfully.

God has given his people unique gifts for the upbuilding of his church. And he has given His people as gifts to the world. That s the way we think of those who graduate from Concordia. They are gifts, to us while they are here, and then to the world when they graduate and go out into the world to change it and make it better one by one.

As you read this book, you will read the stories of some pretty gifted people. But, these are also the stories of some pretty important gifts. We thank God for every one of you!

In Him,

J. A. O. Preus

President.

This season the men s cross country team was extremely successful. At the National meet in Louisville Kentucky, the team took second place overall. The boys not only are the first team in program history to finish with such a high ranking, but also they hold the record for the best team finish for any NAIA men s program from the West Coast. The team consists of two All- American athletes, Carlos Handler, Diego Rocha, as well as Tim Brink, Luis De La Vega, Jorge Jabaz, Mike Schmidt, Peter Trudelle, Marco Venancio, and Wai John Wai.

Women's

Similarly to the men s cross country team, the women did well. In Kentucky, the Lady Eagles finished in the top five which has not been done in the past four years. They crowned GSAC and Region 2 Champions giving them a record setting season. The Lady Eagles are: Heather Benton, Melany Bowles, Valerie Castelazo, Jen Clouse, Vanessa Echkardt, Ashley Echkardt, Natalie Gattrell, Jasmine Ortuno, Natalie Perkins, Sandra Prado, Sarah Romo, and Hilda Vazquez.

TRACK & FIELD

Triumph on the track

Although the Track and Field season is still happening, both the women and men s team have had success so far. This season, the team has competed at the indoor nationals in Johnson City in Tennessee. At this meet all the athletes contributed to the team s success but two specific athletes did a great job in this competition. Jeanelle Goonetilleke took fifth place in the 600 meters and became a five- time all American to lead the women s team and the two time all-American Carlos Handler placed fourth in the 5,000 meters to lead the men s team. With leaders like these two athletes and a great team as a whole, there is no doubt that the teams will finish the season out strong. The Track and Field team members are: Jonathan Blucker, Paul Castenada, Jose Cholula, Luis De La Vega, Alex Flores, Paul Greive, Carlos Handler, Jorge Jabaz, William Matthews, Justin Mayne, Matt Olson, Diego Rocha, Mike Schmidt, Peter Trudelle, Marco Venancio, Wai John Wai, Roderic West, Lindsay Beimes, Heather Benton, Melanie Bowles, Valerie Castelazo, Jennifer Clouse, Ashley Eckhardt, Vanessa Eckhardt, Michelle Franks, Marie Gardner, Priscilla Gardner, Natalie Gattrell, Jeanelle Goonetilleke, Stephanie Kohlwey, Paige McFerran, Tiffany Nielson, Sandra Prado, Sarah Romo, Hilda Vazquez, Jennifer Wheeler, and Rachel Williams.

RESIDENCE LIFE

For many Concordia students living on campus, a positive academic and social environment was essential to promoting academic, social, and spiritual maturity and was one of the many goals of Residence Life. The Office of Residence Life was committed to encouraging and supporting the development of the residence life staff, students, and the residential community. Three values are supported by The Office of Residence Life: faithfulness, diversity, and community. With the aid of Resident Assistants (RAs) and Assistant Directors (ADs) these values were integrated into everyday life here at Concordia. RAs are fellow students living on the floor with students and served as a resource for students. They helped mediate conflicts with roommates, sponsor events to promote a sense of community, and conducted health and safety checks. Each semester, RAs sponsored one event from each area of wellness: spiritual, occupational, social, physical, intellectual, and emotional. The areas of wellness promote growth, change, and development of the student. ADs usually lived in the building and were responsible for one of the housing areas: Quads, Chi Sigma, or Chi Rho.

COMMUTERS

Concordia University encompass a small portion of students called commuters, who day in and day out battle the traffic, lack of parking spaces, and struggle to make it to class on time. Often times, commuters juggled school, studying, jobs, sports and extra curricular activities. While many commuters were sometimes out of the loop regarding on campus activities and events, the Commuter Cater, Concordia's monthly newsletter for the friendly commuter, was sent via mail to help bridge the gap between commuters and students living on campus. Concordia s commuters also have their own blog where students could post comments and concerns, chat with other Concordia commuters, and have a voice on campus. Several times during the year commuter events were held on campus or at local eateries to encourage commuter camaraderie. On campus events included The Commuter Day, usually held a couple times a semester, where fellow commuters gathered for free food and a chance to take a break from classes.

Each year the Office of Student Life hosts a commuter day.

WEEKEND PROGRAMS

The weekend programs at Concordia began back in 2002 in response to many students who lived on campus and remained on campus over the weekends. Priscilla Huh, the current Director of Student Life and Andre Coleman, the previous Director of Student Life, both were advantageous in bringing this program to Concordia's campus. Weekend activities enabled students to get to know other Concordia students, be exposed to the area of Orange County and the local areas of interests, and to be involved in activities outside of campus. Weekend activities this year included Angels, Dodgers and Mighty Ducks games, rock climbing, visiting the swap meet, attending Evita, Dr. Doolittle, and The Nutcracker at the Orange County Performing Arts Center, Disneyland, a Jeremy Camp concert at the Bren Events Center at UCI, The Getty Museum, and a formal night at Downtown Disney in Anaheim.

Student leadership provides at strong framework at Concordia year after year. Like many leaders, they are born with talent, but each year our leaders on campus: Intercultural scholars, Student Government, RA s and WOW coordinators gather together for a unique few days to form cement the goals for the year. This year, the Student Leadership Retreat took place from August 10-12 at an Orange County campground. Trust walks and other team building activities helped unite the student leaders while seminars helped them learn how to promote diversity. Goal building was another key element of the retreat. After the retreat the student leaders brought back to campus what they had learned. Student Body President, Liz Youngdale, said, After we got back to school we divided back into our leadership groups to talk more about our goals and where we expected to go this year. Already, these leaders have been successful at making new students feel welcome during WOW and at getting all students involved in campus activities. Their servant projects have made our campus cleaner and their dedication has made Concordia more enjoyable. Student leadership has definitely provided a sturdy foundation for campus life.

WOW

WOW, what a way to enter college! Concordia s annual Week of Welcome took place August 20-25, 2005. All incoming freshman and transfers were divided into teams to learn how they could Shine like Stars in their college careers. They were led by a caring, Peer Advisor staff of upper class students and guided by Philippians 2:14-15: Do everything without complaining or arguing so that you may become blameless and pure, children of God without fault in a crooked and depraved generation, in which you shine like stars in the universe . Activities included fellowship like movie under the stars, super ice breakers, the Bigger and Better scavenger hunt and a trip to Universal Studios, as well as educational presentations and exemplary classes. Most of all WOW provided students the opportunity to get comfortable on campus before everyone else moved in. It allowed friendships to be constructed and nervousness to be demolished .

Survivor Party

Relief, recognition, and reward: that was the motivation behind the Survivor Party, put on for freshman and transfers. This year, on Thursday October 6, the students were treated to a day of relief. They were recognized and congratulated for making it through the first six weeks of the semester at Concordia. The reward? A day off from Freshman Seminar, cotton candy, popcorn and class t-shirts. What more could you ask for in return for surviving the challenges of new people, new classes and being away from home?

Fall Carnival

Free jousting, gyroscoping and obstacle course running; the first ever Fall Carnival, sponsored by Clubs and Organizations took place on October 18, 2005. Concordia students were treated to a morning of stress relief and competition. The purpose of the event was to promote involvement in the many activities planned for students during the course of each year at Concordia. This event gave students the chance to come and go as they pleased, and an opportunity to see the extra effort Clubs and Organizations puts into planned events to make them enjoyable for everyone. We can only hope that we get the opportunity to gyroscope and joust again next year.

Battle of the Bands was an eclectic group of musicians coming together to compete and everyone had a great time said host, Kyle Mittskus. This year, Battle of the Bands took place on Friday, September 30th. Student formed bands rocked out in the gym for a crowd of excited peers. Kyle Mittskus and Josh Woodrow hosted the event. Musical group, Shelby Drive, with members, Jesse, Gavin, Brett, Ben and Alan took home the $ 100 first prize. They were also awarded the chance to play in the opening spot at Midnight Madness. Each year, Battle of the Bands showcases new talent. Are you ready to construct an act of your own?

Midnight Madness

Each year Midnight Madness serves as an event all students on campus look forward to. All of Concordia's sports teams parade through the gym to show off what tools they have in their belts. This year, on October 26th from 10:30pm-12, Austin Cheeley and Kate West led the madness. Not only were students introduced to the sports teams, they were treated to a performance by Shelby Drive, a game show featuring "celebrity athletes" and a showcase of talent by the men's and women's basketball teams. Once again, the ladies took home the 3 point shot title and the men impressed the crowd with a variety of dunks. The cheerleaders tossed out free shirts and the dance team wowed us with their moves. Once again, Midnight Madness was a smashing success!

Homecoming

Friday, February 17 from 7pm to midnight 200 Concordia students and their friends gathered at the Hyatt Newport Beach for the annual Homecoming dance. Green, yellow, and purple lights accented the walls as students enjoyed a scrumptious dinner and a night of dancing with friends. Student activity coordinators, Derek Chauvie and Celena Jorgensen planned the colorful night and Michael Knippa and Teri Wildhert were the crowned king and queen. Each year Concordia's lone dance encourages students to dress up and relax and this year's "Mardi Gras Masquerade" was no exception.
